

IMPORTANT INFORMATION FOR YEAR 12 STUDENTS APPLYING FOR UNIVERSITY

IF YOU ARE A YEAR 12 STUDENT IN 2023 APPLYING FOR UNIVERSITY COMMENCING IN FEBRUARY/MARCH 2024, YOU NEED TO ASK FOR HELP FROM YOUR SCHOOL TO DO THE FOLLOWING:

Apply through the Universities Admission Centre (UAC) as an 'International Student.' Some universities have special Humanitarian/Asylum Seeker Scholarships that will cover the full international student fee (around \$30,000 per annum). This makes it possible for you to go to university without paying fees.

Ensure that you only apply for courses at those universities that offer **Humanitarian/Asylum Seeker Scholarships** or similar. Not all universities offer these, so check this website for which universities offer these scholarships:

<http://refugee-education.org/scholarships>

Make two applications to the universities you want to attend:

- one for the university course you wish to study (via UAC) International Year 12 students
<https://www.uac.edu.au/future-applicants/international-year-12-students>
- one for the special scholarships for asylum seekers that cover the full cost of your International Student tuition fees (one off scholarships will not be enough). Asylum seeker scholarship applications have to be made directly to each university.

Your school should assist you with these steps before the end of school, but **ASC can assist you** to finalise any remaining scholarship documentation especially during school holidays or after school finishes. **Contact ASC** employment@asylumseekerscentre.org.au and mark as 'University' enquiry.
